 - 2) If fewer than three (3) members are members of a chapter(s) in the same region/area, the quartet seeks approval from the Competition Department at IHQ to enter regional/area quartet competition in one of the regions/areas with which it is affiliated. The quartet then competes in subsequent regional/area quartet competitions in the designated region/area as long as quartet personnel and regional/area affiliations remain the same.
 - G. A quartet competitor who is a member of Chapter-at-Large or who is a transfer/transition member must be in good standing with their region/area in the timely payment of regional assessments no later than sixty (60) days prior to the date of regional/area quartet competition.

 - B. A quartet that includes three (3) or more members of an international champion quartet who were members of the quartet when that ranking was achieved may enter regional/area quartet competition for Evaluation Only or Open Division.
 - 4. Unregistered quartets with members in an area prospective chorus may perform for Evaluation Only or Open Division in an area competition.
 - 5. Satellite Area quartets are eligible to compete in a regional/area competition provided that permission has been granted by the leaders of the region/area in question.
 - A. Satellite Area quartets are not eligible for awards at regional/area competitions; however, a registered Satellite Area quartet can qualify to compete in the next international quartet competition by achieving a score of 580 or more points.
 - B. Unregistered Satellite Area quartets may enter competition for Evaluation Only or Open Division.
 - 6. No substitution of personnel is permitted after forty-five (45) days prior to the date of the regional quartet competition.

 - 1) In the event that the quartet winning the regional or area championship withdraws or elects not to compete by the July 1 deadline, the quartet placing second in the same qualifying contest is invited to compete, unless previously invited as a wildcard quartet.

- a. In the event that the quartet winning the regional or area championship becomes eligible to receive an International Quartet Wildcard invitation, the regional champion invitation takes precedence over the Wildcard invitation, and the quartet will automatically become the region's representative at the International Quartet Semifinals.
 - B. Quartets winning the previous year's area quartet championship in an area holding competitions every other year, provided the quartet elected not to compete in the preceding international quartet competition;

 - 1) The ten (10) quartets that achieved the highest total scores but did not achieve the rank of regional/area quartet champion are named international wildcard contestants. Quartets achieving this rank are notified by the Competition Department at IHQ of their eligibility.
 - 2) In the event a tie score occurs in determining the ten (10) quartets qualifying as wildcards, the tie is broken in accordance with judging regulations adopted by the International Board of Directors. See Section V: Judging (page 30).
 - E. Satellite Area quartets attaining the required number of points in a valid contest.
 - F. In order to retain the rank of regional/area champion, international finalist or wildcard, and the eligibility for international quartet competition that accompanies that rank, a quartet must retain at least three (3) of the members who competed when that ranking was achieved.
2. Eligibility for the international quartet finals is limited to the ten (10) quartets receiving the highest total points in the international quartet semifinals. In the event a tie score occurs, the tie is broken in accordance with judging regulations adopted by the International Board of Directors. See Section V: Judging.

 - D. No substitution of personnel is permitted after thirty (30) days prior to the date of the international quartet semifinals session; and
 - E. All entry requirements have been complied with in a timely manner. See Section I: Administration.

SECTION III: PENALTIES

Violation of any competition policy adopted by the International Board of Directors is subject to penalty as determined by the panel chair (PC) after consultation with the other judges on the panel. Penalties may range from deduction of a specific number of points to disqualification. Any penalty points assessed are deducted from the total score.

TIME PENALTIES

Performances are timed separately by the panel secretary (PS) and page at regional contests, and by the two (2) panel secretaries (PS) at international contests. In the event of a variance between the recorded times, the time most favorable to the contestant prevails.

Elimination Sessions

1. Total singing time of the two (2) separate songs or medleys performed in any Sweet Adelines competition other than an entertainment package session shall be not less than three (3) and not more than seven (7) minutes.
2. Timing begins with the first word or chord of a song and ends with the last word or chord of the same song.
3. The two (2) songs or medleys performed are timed separately, and times are added together to determine total singing time.
4. Penalty for singing over the prescribed time limit is one (1) point for every second, up to a maximum of fifty (50) points. Evaluation Only performances that exceed the prescribed limits by thirty (30) or more seconds will result in disqualification. No specific penalty is designated for singing under the prescribed time limit; however, the judges evaluate the effectiveness of undertime performances.

Entertainment Package Sessions

1. Total Time (Regional): Total time of the entertainment package in the Open Division of any official Sweet Adelines competition is:
 - A. Quartet: Not more than ten (10) minutes.
 - B. Chorus: Not more than ten (10) minutes.

Timing begins at the first word spoken or the first chord of the first song, whichever begins the performance, and continues through the final chord of the last song or the last word spoken, whichever concludes the performance.

The prepared program, submitted via the Video Cue Sheet, must list all planned activity occurring on stage after completion of the entrance and following the official introduction. Planned activity occurring prior to the first word spoken or the first chord of the first song, whichever begins the performance, will result in disqualification if in the opinion of the panel chair (PC) and a majority of judges on the panel the time spent is excessive and results in a delay of the contest.

- 1) **Overtime**: Performances that exceed the prescribed limits by thirty (30) or more seconds will result in disqualification.
 - 2) **Undertime**: No specific penalties are designated for performances under the prescribed limits; however, judges evaluate the effectiveness of obviously undertime performances.
2. Total Time (International Competitions): Total time of the entertainment package in Harmony Classic or the finals session of any official Sweet Adelines competition is:
 - A. Quartet: Not less than ten (10) and not more than fifteen (15) minutes.
 - B. Chorus: Not less than twelve (12) and not more than fifteen (15) minutes.

Timing begins at the first word spoken or the first chord of the first song, whichever begins the performance, and continues through the final chord of the last song or the last word spoken, whichever concludes the performance. The three (3) to seven (7) minute timing requirement for the contest song is suspended.

The prepared program, indicated via the Video Cue Sheet, must list all planned activity occurring on stage after completion of the entrance and following the official introduction, via the Video Cue Sheet. Planned activity occurring prior to the first word spoken or the first chord of the first song, whichever begins the performance, is subject to inclusion in overtime calculation if in the opinion of the panel chair (PC) and a majority of judges on the panel the time spent is excessive and results in a delay of the contest.

- 1) **Overtime:** No penalties will be given for up to sixty (60) seconds after the prescribed time limits, to allow competitors time to compensate for unplanned interruptions (applause, etc). Beyond this, one (1) point per second is assessed for performances over the prescribed limits, up to a maximum of fifty (50) points.
- 2) **Undertime:** No specific penalties are designated for performances under the prescribed limits; however, judges evaluate the effectiveness of obviously undertime performances.

RULE INFRACTION PENALTIES

Inadmissible Songs

In accordance with our guiding principles of Diversity and Inclusion and the Culture of Belonging, Sweet Adelines International rejects any song that refers to racist lyrics, messages and history and consider them inadmissible for performance. The penalty for performing any song deemed inadmissible, in all contest divisions, will result in disqualification. The phased implementation is to ensure that all members fully understand how to evaluate the lyrics, message, and history of a song before the disqualification penalty takes effect.

Official Language

The official language for songs designated as competition songs in Sweet Adelines competitions is American English (see the Music Category, JCDB, for additional clarification). Languages other than English may be used for noncompetition songs included in the entertainment package of the Open Division, Harmony Classic or a chorus or quartet finals session. In all competition sessions, the penalty ranges from a minimum of ten (10) to a maximum of twenty-five (25) points, depending on severity. Performance of competition song(s) not sung primarily in English in Open Division or Evaluation Only, at the regional level, will result in disqualification.

Religious, Patriotic Songs, and Official Organizational Songs

Religious, patriotic or official organizational songs (*How We Sang Today* and *Come On And Sing*) may not be sung as the contest song(s) in the regional International Division or Evaluation Only (see the Music Category, JCDB, for further clarification). Performance of any contest song that is considered by the music judge(s) and a majority of the judges on the official panel to be either religious, patriotic, or an official organizational song results in disqualification of that song with a score of zero (0) from all official judges. In the Open Division or International Entertainment Packages, religious, patriotic or official organizational songs of Sweet Adelines International may not be used as the contest song and will also result in disqualification of that song with a score of zero (0) from all official judges. In the Open Division or International Entertainment Packages religious, patriotic, or an official organizational song of Sweet Adelines International may not be used as the contest song and will also result in disqualification of that song with a score of zero (0) from all official judges. In the Open Division or International Entertainment Packages religious, patriotic or official organizational songs of Sweet Adelines International may be used as part of the package. The degree to which such use enhances or detracts from the performance is reflected in the judges' score and commentary.

Performance Content

1. **Eliminations Sessions:** Competition performance (time on stage) is confined to singing. An occasional special sound effect (e.g., a cough, a sigh, a clap, a finger snap, a yell, etc.) or vocal exclamation/reaction is permissible, but non-singing conversations, dialogues, monologues or noise-making devices (e.g., bells, whistles, tambourines, drums, etc.) may not be included. In all sessions, the penalty ranges from a minimum of five (5) to a maximum of fifty (50), depending on severity. Inclusion of spoken material (beyond a word or two) or noise-making devices during the competition song in an Open Division performance or during an Evaluation Only performance will result in disqualification.

2. Entertainment Package Sessions: Non-singing conversations, dialogues, monologues and/or sound effects, as defined above, may be utilized in any of the noncompetition songs included in the entertainment package.

Crowns or Tiaras

Crowns worn in the style of Sweet Adelines Champion Quartets are prohibited, and will be penalized twenty-five (25) points, or in the case of Open Division or Evaluation Only, disqualification. However, a contestant may wear a crown like object as part of their costuming (ex. medieval, circlet, diadem, wreath, cone hat, etc.).

Staging and Lighting

1. Elimination Sessions: Staging and lighting are uniform for all contestants. No penalty is attached to the use of props or visual devices in any regional or international contest sessions. The degree to which such use enhances or detracts from the performance is reflected in the Visual Communication and entertainment scores.

All props and visual devices must enter and leave the performance venue with the chorus or quartet. Non-members are not allowed in the traffic pattern and are not permitted to transport prop items in the traffic pattern. Storage space for any props or equipment, other than riser chairs or medically necessary items, is not provided at the contest venue.

Props or visual devices requiring excessive set up time will be subject to delay of contest penalties.

All contestants are required to leave the stage in the condition they found it. Anything discarded or dropped must be removed and exit the stage with the contestant. In all sessions, penalty for violation is twenty-five (25) points. For contestants performing for Evaluation Only this will result in disqualification.

Any contestant that purposefully throws an object(s) into the audience or judging pit from the competition stage may be assessed a minimum penalty of twenty-five (25) points up to a maximum penalty of disqualification from the contest.

2. Entertainment Package Sessions: Special staging and/or lighting effects may not be incorporated into the songs designated as competition songs but may, at the discretion of the International Board of Directors, be utilized as part of the noncompetition songs included in the entertainment package. This is limited to one color per non-contest song. No penalty is attached to the use of props or visual devices in any International Entertainment Package or regional Open Division session(s). The degree to which such use enhances or detracts from the performance is reflected in the judges' score and commentary.

All props and visual devices must enter and leave the performance venue with the chorus or quartet. Non-members are not allowed in the traffic pattern nor are they allowed to transport prop items in the traffic pattern. Storage space for any props or equipment, other than riser chairs or medically necessary items, is not provided at the contest venue.

Props or visual devices requiring excessive set up time will be subject to delay of contest penalties.

All contestants are required to leave the stage in the condition they found it. Anything discarded or dropped must be removed and exit the stage with the contestant. In all sessions, penalty for violation is twenty-five (25) points. In Open Division, this will result in disqualification.

Musical accompaniment is permitted as part of the non-contest songs included in the entertainment package. The degree to which such use enhances or detracts from the performance is reflected in the judges' score and commentary.

Any contestant that purposefully throws an object(s) into the audience or judging pit from the competition stage may be assessed a minimum penalty of twenty-five (25) points up to a maximum penalty of disqualification from the contest. In Open Division, this will result in disqualification.

Misconduct

Any contestant, including a chorus director, may receive a penalty ranging from twenty-five (25) points up to and including disqualification for conduct deemed, in the judgment of the panel chair (PC) and a majority of the remaining judges on the official panel, to be injurious to the welfare of Sweet Adelines International.

Designated Performance Time

1. Contestants are expected to report for entry into the traffic pattern at the time and place designated by the regional competition coordinator and/or the Competition Department staff of IHQ, and are expected to be ready to perform in their assigned sequence. Any contestant who fails to appear and/or is not ready to perform in the contest at the time designated is penalized twenty-five (25) points, loses position, and appears at the end of the contest.
2. If failure to appear is due to circumstances beyond the control of the contestant, tardiness may be excused and penalty withdrawn upon the decision of the panel chair (PC) and a majority of judges on the official panel. If it is determined that tardiness was premeditated in order to lose position and appear at the end of the contest, the contestant is disqualified.
3. It is expected that a chorus' entrance or exit be completed in a timely fashion. If, in the opinion of a majority of the official panel, a chorus' entrance or exit exceeds a reasonable amount of time, creates a distraction, and/or delays the contest, a penalty may be assessed.

Traffic Pattern

Contestants are expected to move through the traffic pattern as instructed by international staff or personnel officially assigned to manage the traffic pattern flow. A penalty may result if a competitor's action and/or failure to act causes a delay or disruption in the traffic pattern. In all sessions, the penalty ranges from ten (10) to twenty-five (25) points, depending on severity. In Open Division or Evaluation Only this may result in disqualification.

Participants

Only the director(s) and performing members of a competing chorus may appear on stage. A penalty may result, if in the opinion of the official panel, the presence of a "non-singing" member is a distraction and/or detracts from the musical performance. If a penalty is deemed necessary, it will range from ten (10) to twenty-five (25) points, depending on severity. In Open Division or Evaluation Only this may result in disqualification.

Only the four (4) officially registered members of the competing quartet may appear on stage during the quartet's competition performance.

Minimum Chorus Size

Competing choruses must have at least twelve (12) members on stage, not including the chorus director(s). A chorus that competes with fewer than twelve (12) competing members, not including the chorus director(s), may perform for Evaluation Only or Open Division and receive a written evaluation from each judge, provided that all other requirements for entering the competition have been met. Scores recorded on the scoresheet reflect performance levels rather than specific points earned. The number of competing members is calculated according to the List of Competing Members form submitted to the regional competition coordinator or the Competition Department staff of IHQ at the chorus briefing session.

Change in Entertainment Package

Contestants qualifying for Harmony Classic or the finals session at an International Competition are required to present a prepared program, via the Video Cue Sheet, listing the songs to be performed and the order in which they appear, designating the song to be judged as competition material, and indicating the placement of emcee material. It must also list all planned activity or emcee material that occurs prior to the first song or after the last song. Any deviation from the submitted program will result in a penalty of forty (40) points.

Choruses or quartets competing for Evaluation Only in the Open Division are required to present a prepared program, via the Video Cue Sheet, listing the songs to be performed and the order in which they appear, designating the song to be judged as competition material, and indicating the placement of emcee material. It must also list all planned activity or

emcee material that occurs prior to the first song or after the last song. Any deviation from the submitted program will result in disqualification.

Disqualification

A competitor that is disqualified from competition, in either International division, Open Division, or Evaluation Only, will receive a scoresheet with the scores or levels removed.

PROPS GUIDELINES

The degree to which props use enhances or detracts from the performance is reflected in the visual communication and entertainment scores. No penalty is attached to the use of props or visual devices in any contest. Additional space for props is not provided during transportation.

Transporting Props

For safety purposes, props must not be in the bus aisles or block the driver's view. You must make special accommodations to have large props meet your chorus at the competition site.

All props and visual devices must enter and leave the performance venue with the chorus. Storage space for any props or equipment, other than riser chairs or medically necessary items, is not provided at the contest venue. They must enter and leave with the competitor.

Set-Up Of Props

Quartets and choruses are allowed to place your props on stage prior to being announced by the Emcee. But keep in mind if the set-up should take too long, you could incur a penalty for delay of the traffic pattern. Depending on how quickly the prop set up begins, you would have approximately 1-2 minutes prior to announcement.

No one is allowed to walk behind the risers to attach or store any props. Non-competitors are not allowed to bring props backstage.

Large props must enter stage right. All props must exit stage left. (Choruses must follow established guidelines for entrances and exits, or risk penalty.)

Props or visual devices requiring excessive set up time will be subject to delay of contest penalties.

Prop Measurement Restrictions

Use extra care when bringing props on and off stage, as well as when using them during your performance. Pay special attention to the hanging microphones and draping. *Please review the stage diagram included.*

The hanging mics are **9 ft. off the stage**, and the back rail of the riser is at 6 ft. 2 in. with the 4th step being at 2 ft. 8 in. Hanging mics are downstage of the risers.

- Props set on floor of stage- Props should be no taller than 8 feet, if placed on the floor of the stage.
- Props attached to riser rail- If you plan to attach a prop from the top rail of the risers, be sure not to block the organizational logo that is projected on the back screen. If you choose to place a prop at the center of

the railing the prop height should be no taller than 4 feet, so as not to obstruct the organizational logo on the backdrop screen. *See examples of prop use on the railing below.*

The entrance drape is located about 9 ft upstage of the downstage corner of the riser, and the opening in it is about 9ft high. The entrance curtain is a slit up the center seam of the fabric so it opens in a 'V' shape.

If your prop(s) is particularly large, it should be able to be collapsible so as to fit through the entrance drape.

If it is determined that through a competitor's negligence any part of the stage, drape, video screen, lights or equipment on, above or beside the stage is damaged, the contestant may be asked to share in any financial costs incurred to repair or replace the damaged items.

Any use of props and/or stage enhancements that results in alteration to the condition of the stage and requires additional labor to rectify the stage to its pre-performance condition will result in the chorus or quartet being held financially responsible to Sweet Adelines for the total cost of the labor incurred.

All contestants are required to leave the stage in the condition they found it. Anything discarded or dropped must be removed and exit the stage with the contestant. The penalty for violation is 25 points.

For more information, please reference the *Competition Handbook, Section III: Penalties, pg. 17.*

Examples of props attached to top riser railing:

USE OF SPECIAL EFFECTS IN AN ENTERTAINMENT PACKAGE

Competitors are restricted from using any special effect including strobe lights, pyrotechnics, fog machines, hazers, etc. Use of any fire like effect affects the staging, other competitors' singing environment, increases costs of contest and could cause hazards on and off stage. The display and operation of any heat producing appliances, use or storage of flammable liquids, compressed gases or any other processes deemed hazardous by the local State Fire Marshal are prohibited.

Anything related to special effects occurring on stage (i.e. lighting effects, special effects) that requires remote activation must be controlled by a member of the chorus or quartet in the staging area.

Props or stage enhancements that contravene local fire and safety codes (open flame, fireworks, etc.) may not be used.

If a requested use of a special effect incurs extra cost of professional services, the request will be declined.

As there are no available outlets on stage, any special effect must be battery powered as well. If you would like to use a prop that would be considered a special effect, please submit your request, along with a full description of the item(s) being used, to Competition Department (competition@sweetadelines.com) **no later than 4 months prior to contest.**

2. After a competition session has commenced, and until it has concluded, emergency decisions concerning the judging of contestants rest in the hands of the panel chair (PC), who may or may not call for a vote of the official judges in reaching a conclusion. (Examples of situations requiring emergency decisions are power failure, equipment failure or audience disturbance of major proportion.)

Tie Scores

If a tie in total score exists between two (2) or more contestants, the contestant receiving the highest total score in the Sound category is awarded the higher placement. If a tie still exists, the contestant receiving the highest total score in the Music category is awarded the higher placement, and this procedure is followed through the categories of Expression and Visual Communication until the tie is broken.

Performance Evaluation

During the competition weekend, each competing group receives a copy of the official tabulated results, a copy of each judge's scoresheet, and if purchased, a video recording of its competition performance(s).

SECTION VI: VIDEO EVALUATION GUIDELINES

PURPOSE

Choruses and quartets have the option to submit a video recording for Evaluation Only or Open Division by the official panel for their regional/area competition. This option is exercised when a chorus or quartet wants the educational benefit of the evaluation but is unable to perform on stage during the annually scheduled regional/area convention. This option may prove invaluable to a chorus or quartet that cannot routinely compete every year because of expense or other reasons. It could also relieve some of the stress of the host or assistance chorus if it chooses this option rather than performing on stage along with its hosting responsibilities. Any registered quartet or chartered or prospective chorus is eligible to exercise this option.

Members of choruses or quartets who choose this option are still encouraged to attend their regional/area convention.

ENTRY PROCEDURES

1. A chorus or quartet choosing to submit a video recording for Evaluation Only or Open Division must complete the following steps.
 - A. Submit a formal entry form and registration fee, adhering to all established entry deadlines.
 - 1) Choruses or quartets may choose to submit a video recording only to their assigned region/area.
 - 2) A quartet or chartered or prospective chorus in the Satellite Area may choose, with the approval of the Competition Department at IHQ, which region it will participate in. This approval must be obtained at least 90 days prior to the competition date.
 - B. Submit the video recording (in digital format), prepared in accordance with the requirements listed below, to the regional competition coordinator (CC) the week prior to the competition date or deliver the performance to the CC or their designee on the Thursday of the convention weekend. Discuss with the CC, well in advance of the competition, which method will best fit the needs of the chorus or quartet. It is the responsibility of the chorus or quartet to ensure that the CC, or their designee, receives the performance at the designated time.

REQUIREMENTS FOR RECORDING

1. Ideally, the video camera used to record the performance should be able to take direct sound input from balanced microphones. If not, the performance should be checked to ensure that the quality of the recording is sufficient for an effective evaluation.
2. One (1) to three (3) cameras should be used. The camera(s) should be on a stand and not hand-held.
3. The recording is to be submitted in a digital format.
4. The facility and the lighting should be suitable for a competition performance. Lighting is to be uniform for the entire performance and no special effects are to be used.
5. Camera shots should be taken with the Visual Communication judge in mind. They need to see facial expression, choreography, full shots, etc. It is recommended that during ballads there should be more close-ups and panning. During uptunes, wide-angle shots are usually more effective. Long shots should frame the chorus. Be sure to have a variety of shots without creating a jumpy video or giving the viewer a feeling of a rolling sea.
6. At the beginning of the recording, an individual is to introduce the contestant, announcing the name of the chorus or quartet. For choruses, the announcement should include the director's name and the chorus's official location.
7. The chorus or quartet will perform either two (2) contest songs if submitting for Evaluation Only or at least one (1) contest song, one (1) non-contest song and emcee work if submitting for Open Division. The performance is subject to all contest rules, such as timing, content, etc. and should include a formal bow.
8. Choruses must be on risers. The chorus or quartet should be in full costume and make-up. The make-up must be applied in such a manner that it is appropriate for video recording.

9. The submitted performance is the property of Sweet Adelines International and will not be returned to the chorus or quartet.

GENERAL PROCEDURES

1. The Competition Department at IHQ will notify the panel chair (PC), regional competition coordinator (CC) and official panel liaison (OPL) of the regions/areas involved, of the names of the choruses or quartets planning to submit video recordings forty-five (45) days prior to the competition weekend.
2. The regional competition coordinator (CC) will give the recordings to the panel chair (PC) along with the other judging papers. Scoresheets and contestant envelopes will be provided by the Competition Department at IHQ.
3. The official panel will review the performance(s) submitted for evaluation immediately following the viewing of the chorus level and prior to the start of the official contest. The panel must allow sufficient time for this purpose.
4. The official panel will complete the scoresheets using a level score rather than a number. The original copy of the scoresheet will be placed in the competitor envelope and sent by the official panel liaison (OPL) to the evaluated chorus or quartet. Pre-paid postage will be on the envelopes whenever possible. If pre-paid postage is not available, the official panel liaison (OPL) should submit a copy of the receipt to the Competition Department at IHQ within forty-five (45) days for reimbursement.
5. One copy of the scoresheet, along with the performance(s), is to be returned to the Competition Department at IHQ by the panel secretary (PS). This is to be included with the other competition material.

RESTRICTIONS

1. Submitting a video recording for Evaluation Only or Open Division does not fulfill the existing requirement of choruses to compete every three (3) years in order to maintain their charter.
2. Choruses or quartets submitting a video recording are not eligible for any prizes or awards.
3. A chorus or quartet submitting a video recording for Evaluation Only or Open Division may not perform on the regional contest stage for evaluation or placement in the same year.

SECTION VII: RISING STAR

ADMINISTRATION

Purpose of Competition

1. Competition is a primary educational tool and performance opportunity for advancing the musical art form of barbershop harmony.
2. The Rising Star Quartet competition is held for the purpose of recognizing superior participation by young women in the barbershop art form.

General Procedures

1. Competition Songs: Quartets shall be prepared to sing two songs or medleys arranged in the barbershop style and appropriate for use in a Sweet Adelines competition. For more information, please view [Choosing the Right Music](#).
2. Attire: Costuming/Make-up/Hair: The emphasis in a Sweet Adelines performance is on the unit, not any single individual. Quartets shall be costumed in stage appropriate attire in a style and color combination that is flattering to each quartet member with an emphasis upon visual unity. While most performers reinforce unity by choosing costumes that are uniform in both color and style, it is sometimes possible to depart from this sameness while maintaining a unit appearance. Accessories such as belts, collars, appliqués, sequins, rhinestones, gloves or jewelry should always complement the costume rather than provide a point of visual distraction. Finally, effective costuming will draw attention to the faces of the performers and enhance communication with the audience.

Costumes should be clean and well pressed. Costumes should also be well fitting, include the proper undergarments and allow for the breathing mechanism to function properly. In selecting color and fabric, the performer should consider how it will be affected by the intense stage lighting used in Sweet Adelines competitions and the fact that they will also be shown via video camera on the big screens in the competition venue as well as on the internet via the webcast.

Makeup should be used to emphasize each member's features in a theatrical setting that has bright lights as well as videography. Hair should be neat, tidy and off-the-face enough to emphasize the facial expressions of the performers. Again, the emphasis should be an appearance of visual unity.

3. Supervision: All Rising Star Quartet competitions are held under the supervision of Sweet Adelines International and are subject to the Rising Star competition and judging rules and regulations adopted by the International Board of Directors.
 - A. On-site supervision of the Rising Star Quartet competitions is assigned to the Competition Department at IHQ, who works in conjunction with the International President, the Education Direction Committee (EDC) and the panel chair (PC) to see that all aspects of the competition operate in accordance with the rules and regulations of the Rising Star Quartet competition.
4. Scheduling: Rising Star Quartet competitions are held in association with an appropriate regional or internationally sponsored event.

Entry Procedures

1. Competition entry forms are sent on request by the Competition Department at IHQ.
 - A. Entry forms must be signed by individual quartet members and parent/guardian if contestant is under eighteen (18) years of age.
3. Deadline for receipt of competition entry forms by the Competition Department at IHQ is specified annually by the Competition Department. In order to be valid, entry forms must be accompanied by:
 - A. Quartet entry fee of \$125.00 USD; or

- B. Registration form for the regional or international educational event. If two (2) or more members of the quartet are registered for the regional or international educational event, that is held in conjunction with the contest, \$50.00 USD of the competition fee is waived.
 - C. Song Information, which details the song title, arranger, and the date each song was rated as Admissible from the Song Assessment Tool, for each song that will be sung during a performance. Any desired changes to the submitted songs must be a) submitted at the Contest Briefing; and b) provide the song title, arranger and the date each song was rated as Admissible from the SAT.
 - D. Entry fees are nonrefundable but may be transferred to the regional or international event registration fees.
4. Entry forms are accepted in the order of receipt with a maximum of fifteen (15) accepted.

Drawing for Order of Appearance

The drawing for order of appearance is conducted by the Competition Department at IHQ no later than two (2) weeks prior to the contest.

Arrangements for the official photographer for the competitions are made by the co-hosting region and the Competition Department at IHQ, subject to approval of the International Board of Directors. In the case that the Rising Star competition takes place in tandem with an internationally sponsored event, arrangements for the official photographer are made by the Director of Marketing and Communications, the Director of Events and the Competition Department at IHQ, and is subject to approval by the International Board of Directors.

SECTION VIII: DIAMOND DIVISION

ADMINISTRATION

Purpose of Competition

1. Competition is a primary educational tool and performance opportunity for advancing the musical art form of barbershop harmony.
2. The Diamond Division Quartet competition is held for the purpose of recognizing superior participation in the barbershop art form.

General Procedures

1. Competition Songs: Quartets shall be prepared to sing two songs or medleys arranged in the barbershop style and appropriate for use in a Sweet Adelines competition, in accordance with standards defined in the *Judging Category Description Book* (JCDB).
2. Attire: Costuming/Make-up/Hair: The emphasis in a Sweet Adelines performance is on the unit, not any single individual. Quartets shall be costumed in stage appropriate attire in a style and color combination that is flattering to each quartet member with an emphasis upon visual unity. While most performers reinforce unity by choosing costumes that are uniform in both color and style, it is sometimes possible to depart from this sameness while maintaining a unit appearance. Accessories such as belts, collars, appliques, sequins, rhinestones, gloves or jewelry should always complement the costume rather than provide a point of visual distraction. Finally, effective costuming will draw attention to the faces of the performers and enhance communication with the audience.

Costumes should be clean and well pressed. Costumes should also be well fitting, include the proper undergarments and allow for the breathing mechanism to function properly. In selecting color and fabric, the performer should consider how it will be affected by the intense stage lighting used in Sweet Adelines competitions and the fact that they will also be shown via video camera on the big screens in the competition venue as well as on the internet via the webcast.

Makeup should be used to emphasize each member's features in a theatrical setting that has bright lights as well as videography. Hair should be neat, tidy and off-the-face enough to emphasize the facial expressions of the performers. Again, the emphasis should be an appearance of visual unity.

3. Supervision: All Diamond Division Quartet competitions are held under the supervision of Sweet Adelines International and are subject to the Diamond Division competition and judging rules and regulations adopted by the International Board of Directors.
 - A. On-site supervision of the Diamond Division Quartet competitions is assigned to the Competition Department at IHQ, who works in conjunction with the International President, the Education Direction Committee (EDC) and the panel chair (PC) to see that all aspects of the competition operate in accordance with the rules and regulations of the Diamond Division Quartet competition.
4. Scheduling: Diamond Division Quartet competitions are held in association with an appropriate regional or internationally sponsored event.

Entry Procedures

1. Competition entry forms are sent on request by the Competition Department at IHQ.

Any desired changes to the submitted songs must be a) submitted at the Contest Briefing; and b) provide the song title, arranger and the date each song was rated as Admissible from the SAT.
