----------------------------------------------------------------	-----------------------------------------------------------	-------------------------------------------------------------------------------------------------

Do you want a flash drive with your performance: Yes No

Flash drives are \$25.

*Make check payable to Region 12 Convention and **bring to briefing** on Thursday, May 1, 2025.*

Just as a reminder, the following forms **must** be sent to Kim by April 1st:

- [List of Competing Members Form](#)

The initial version of this form is used by the region to verify that members are in good standing in the region, a requirement to compete. It is used by IHQ as a release of liability (see form for more information).

You will bring **2** copies, keeping the original for your records, to the briefing with any changes indicated – do NOT create a new form, simply line through names of people who will not be competing and add names at the bottom of the list who are competing but didn't get on the initial list. One copy will go to the Panel Secretary and the other copy will go to the Convention Finance Chair to verify that anyone added is in good standing.

- Parody Lyrics

If the song(s) being sung are parodies, you must submit the parody lyrics and the email from IHQ that approved the parody lyrics.

- [Chorus Open Division Cue Sheet](#)

This form needs to be submitted **ONLY** if you are competing in the **Open Division**. This form has many purposes. The Judging Panel uses it to judge your performance package. The information you provide must **accurately** match the on-stage performance. If the form does not match the performance, it could result in **DISQUALIFICATION**.

My team uses this form to make sure the microphones that you wish to use are available. And the form is also given to the Videographer, so he has an expectation of what your performance will look like.

Remember to bring to the briefing (**do not send to Kim**):

- [Song Information Sheet](#)

ONLY REQUIRED if the information that you provided on your original registration with Sweet Adelines International is different from what you will be singing on May 3rd, 2025.

This form lists the songs being sung, the order those songs will be sung in, and that they have been cleared through the Song Assessment Tool. This form will be given to the Panel Secretary who will use it to verify that the songs being sung have, indeed, been cleared.

If the song(s) being sung are parodies, and you have not previously sent the parody lyrics and their approval to Kim, you must bring the parody lyrics and the email from IHQ that approved the parody lyrics to the briefing.

- [Photo Order Form](#)

Checks must be made out to **Read Photography** and should accompany the form unless credit card information is provided (see form).

- \$25 check for a Flash drive of your performance, if desired, made out to **Region 12 Convention**.

I hope that this list helps you organize the things that need to be submitted and reduces some stress that comes from preparing for contest. I cannot wait to see and hear you! As always, if you have any questions, please let me know.

In harmony,

Joanna Davis

Region 12 Competition Coordinator
